

# Group Meeting 1

## The four quadrants of HCI research:

## Expectations:

Student – who identifies & solves a problem

What guidance will I find most useful?

Figure out what I want to do and schedule myself

Keep records of work and meetings

Submit meeting material in advance for in-depth discussions

Take responsibility for ethical considerations

Inform advisor when things are going wrong

Take pride in, and responsibility for, work

Submit proofread text that is professional for the meetings

Take on advice from advisor early

## Logistics:

Outline objectives and produce a 2-semester plan

- Objectives to be met, changes to plan

Ethics application deadline: Friday 27<sup>th</sup> Nov

Midterm report: Friday 29<sup>th</sup> Jan (5%)

- Self-assessment & problems
- Plan (Gantt Chart), work done so far

Final Submission: Tuesday 4<sup>th</sup> May (95%)

- Report & Demo
