For participants who have difficulty reading the Participant Information Sheet and Consent Form, and/or signing the consent form, there is an alternative form of gaining informed consent.

Participant's Name Date *[researcher completes participant's name and date]*

Participants unable to sign their name should mark the box instead of signing

☐

I have accurately read out the Participant Information Sheet and Consent Form to the potential participant. To the best of my ability, I have ensured that the participant understands what they are freely consenting to and have completed the Consent Form in accordance with their wishes.

Name of Researcher Signature of Researcher Date

I have witnessed the accurate reading of the Participant Information Sheet and Consent Form with the potential participant and the individual has had the opportunity to ask questions. I confirm that the individual has given consent freely.

Name of Witness Signature of Witness Date

If the participant is unable to mark the box but is able to indicate consent orally, or in another manner, then the signatures of the witness and the researcher will be sufficient. In such cases the researcher should indicate below how consent was given:

Form of consent for participants unable to provide a signature or to mark the box: N/A
